

INDUSTRIAL, SPECIALTY & PROCESS GASES

ABOUT US

Potentia with over 25 years of rich experience in the oil and gas, power and fertilizer sector believe the right gas can help customer do more than to just run an application. It can promise more uptime, lower long-term costs, raise productivity and increase operational flexibility – so you can do more with less.

Our offerings

C₂H₂ Acetylene

CO₂ Dry Ice

N₂ Nitrogen

Ar Argon

He Helium

O₂ Oxygen

CO₂ Carbon Dioxide

H₂ Hydrogen

HIGH PURITY GASES

We provide High Purity gases from Grade-5 (99.999%) to Ultra High Purity Grade-5.5 (99.9995%) and Research Grade-6 (99.9999%) of various gases in cylinder sizes varying from 1 liter disposable cylinders to 50 liter high pressure cylinders.

CALIBRATION GAS MIXTURES

We know that a single pure gas is not always what your application needs. That's why our experienced engineers provides you with certified specialty gas mixtures free from impurities to make them as effective and stable as possible.

GAS HANDLING EQUIPMENT

We are committed to providing every customer with safe & efficient gas handling equipment to help meet the applications requirement. From flow devices, gas delivery systems to regulators, purifiers, we offer a complete line of equipment.

Else than these common gases, we provide our customers with any gas of any purity as per their application
